

**BETTER WITH
BROTHERS**

WE TAKE **PRIDE** IN EACH STEP OF OUR CERTIFICATION PROCESS

Batteries, brakes and tires are wearable items. While the Ministry of Transportation has set minimum Safety Standards for these items, we recondition our used vehicles to a higher level. We take pride in each step of our certification process so you'll be completely satisfied with your used vehicle.

	Wearable Item	Ministry of Transportation Safety Standards	Our Reconditioning Standards
	 BATTERIES	No standard	30 day replacement guarantee
	 BRAKES	1.6mm of brake pad material	At minimum double the Ministry Safety Standard.
	 TIRES	2.0mm of tread depth	At minimum double the Ministry Safety Standard.
